

STUDENT FEEDBACK ANALYSIS REPORT 2020-21

Data Collection and Analysis

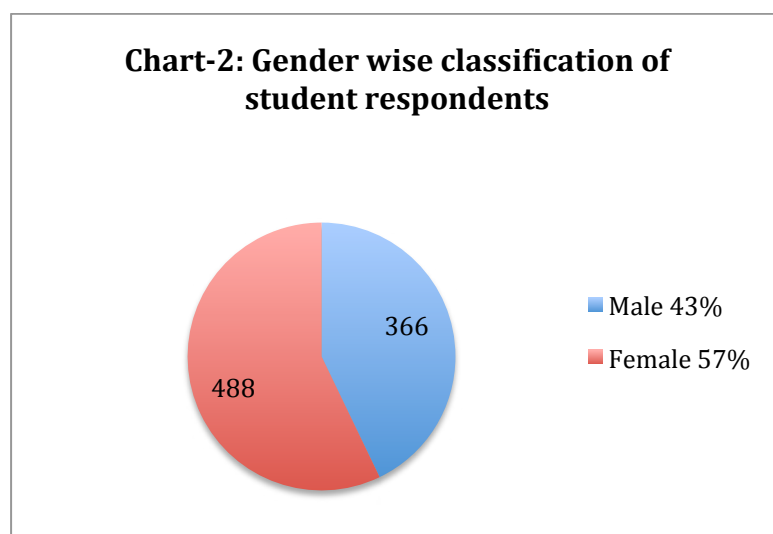

The Internal Quality Assurance Cell (IQAC) of the college has been continuously working to improve the quality and the betterment of the learning experience of the students. In order to find the areas in which improvements need to be made, feedbacks are sought from various stakeholders including students. For this purpose, google forms were created and circulated among students of various departments of the college. In total 854 students submitted their responses. Presented below is a consolidated report of the feedbacks received by students. For convenience and better presentation, pie charts, graphs and percentage have been used.

1. STUDENT PROFILE-

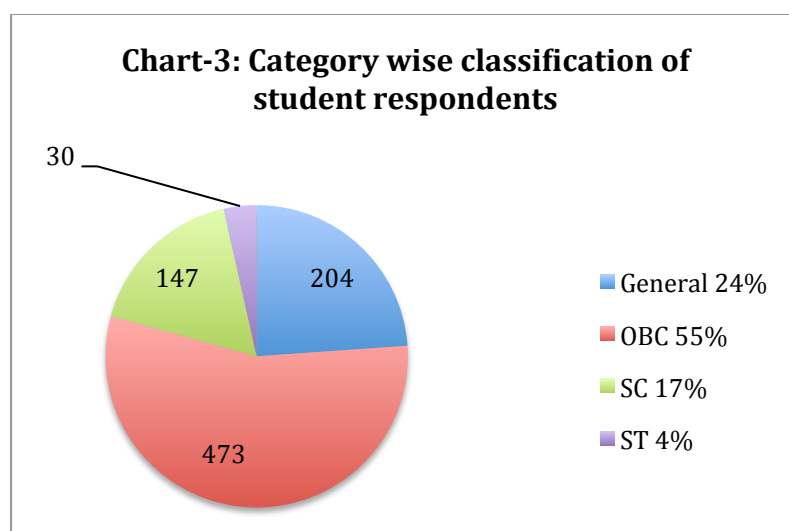

Feedback forms were circulated in all the departments of the college so as to ensure that views from all the departments are available including their specific demands and suggestions. The number of respondents from different departments of the college is presented in Chart 1.

The number of feedback received by male and female students are 43% and 57% respectively (Chart 2).

Category wise analysis of the participant students is presented below (Chart 3). Their respective percentages reflect the diversity of students enrolled in our college from different communities.

All these reflect that the feedback data received is representative of all the departments, gender and social categories of the college and the results and analysis reached after their study will be well applicable to all the students of the college.

Sample And Google Form Link For Collecting Feedbacks-

Following is a sample of a google form circulated among students and its weblink for receiving feedbacks from them.

The screenshot shows a Google Form titled "Student Feedback form" in a web browser. The browser's address bar shows the URL: docs.google.com/forms/d/1LL_dWB07diLqToitrEF63oiz0igOrnHy8kAn2Lh6Xo.... The form is titled "Student Feedback form" and includes a note: "This it to be filled by students of commerce department only. यह फॉर्म सिर्फ वाणिज्य विभाग के विद्यार्थियों द्वारा भरा जावे।". The form has five main sections:

- Email ***: A text field with a "Valid email" placeholder and a note: "This form is collecting emails. [Change settings](#)".
- Name of student/ विद्यार्थी का नाम ***: A "Short answer text" field.
- Father's Name/ पिता का नाम ***: A "Short answer text" field.

Similarly, feedback was collected from students of all departments.

STUDENT FEEDBACKS-

Following questions were given to students.

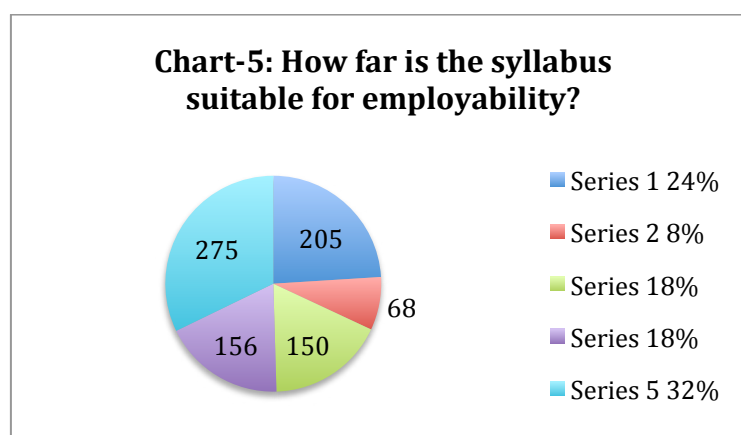

Question 1- Are you satisfied with the infrastructure of the college?/ क्या आप महाविद्यालय में उपलब्ध अधोसंरचना से संतुष्ट हैं?

Responses- Regarding infrastructure 64% of the students say it is good, 34% say satisfactory and remaining 2% are unsatisfied.

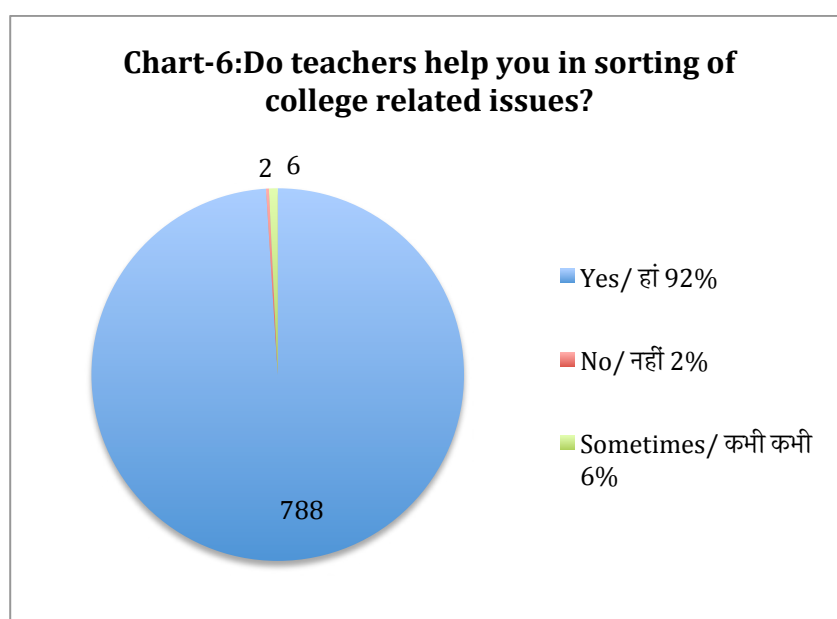

Question 2- How far is the syllabus suitable for employability? रोजगार की दृष्टि से पाठ्यक्रम कितना उपयोगी है।

Responses- On a series of 1 to 5 where 1 denote lowest and 5 denote highest, 24% of students have opined that the course is least suitable for employability and 32% of students have said that the syllabus is highly suitable for employability. This shows almost equally divided opinion on this matter. Syllabus is designed and prepared by the Higher Education Department, Govt. of Madhya Pradesh and approved by the affiliating university. So the college has no direct say in this.

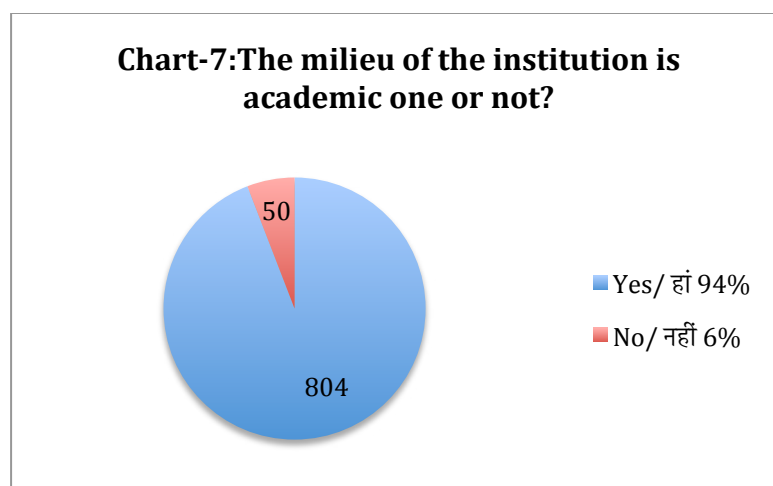

Question 3- Do teachers help you in sorting of college related issues? / क्या शिक्षक आपकी समस्याओं के निदान में सहयोग करते हैं?

Responses- Most of the students are satisfied with teachers for their help in sorting out college related issues of students. 92% has said “Yes”, 6% - “sometimes” and only 2 % students are unsatisfied. This shows good effort on the side of teachers and their sensitivity towards student’s problems.

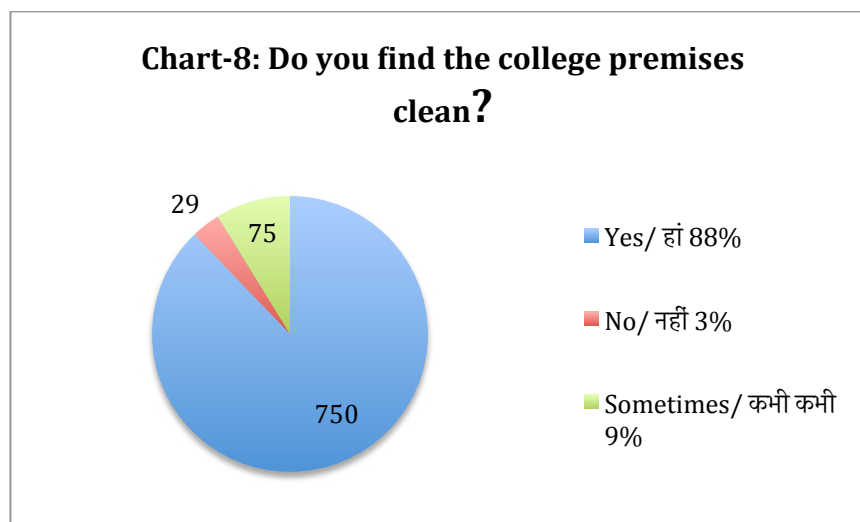

Question 4- The milieu of the institution is academic one or not? / महाविद्यालय का वातावरण अकादमिक है अथवा नहीं?

Responses- Regarding academic environment of the college, 94% of students have responded overwhelmingly positive and only remaining 6% think the opposite. This shows the efforts of the entire college staffs in providing good academic environment to students.

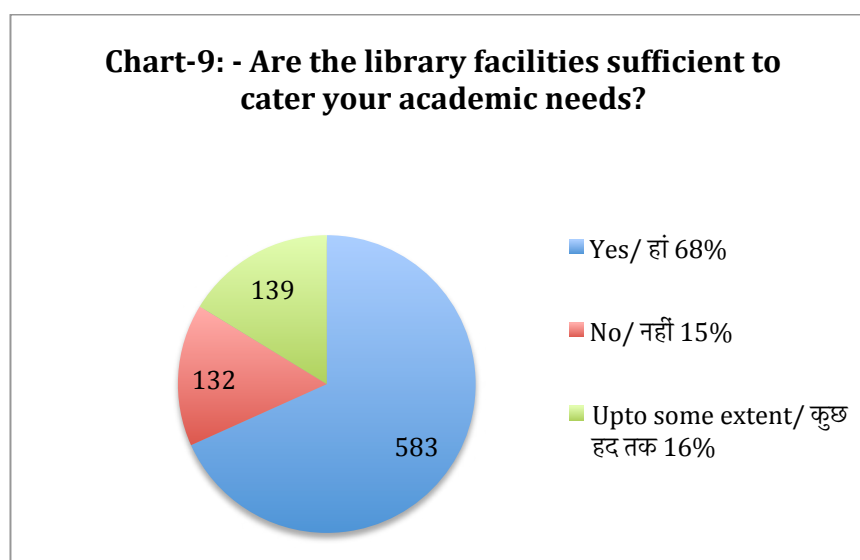

Question 5- Do you find the college premises clean? क्या आप महाविद्यालय परिसर को स्वच्छ पाते हैं?

Responses- For cleanliness of the college campus, 88% students agree that the premises are clean and 9% find it occasionally clean. Thus the college is keen to keep the premises clean and hygienic. Only 3% of students find the college campus as unclean whose suggestion should be implemented.

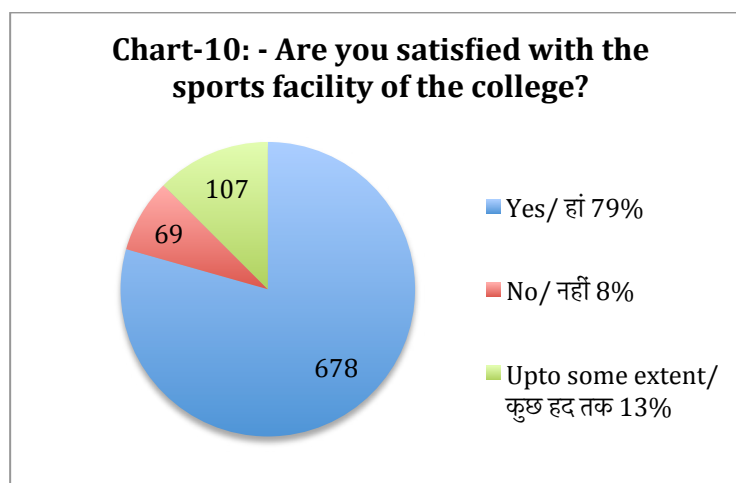

Question 6- Are the library facilities sufficient to cater your academic needs? / क्या पुस्तकालय में उपलब्ध सुवधाएं आपकी अकादमिक ज़रूरतों के लिए पर्याप्त हैं?

Responses- The library facility is the key concern of the students. 68% of the students are satisfied with the library facility of the college. 16 % feel it satisfactory to some extent, while 15 % feel the library facility to be insufficient. We feel the need to augment library facility for our students by increasing the number of text and reference books.

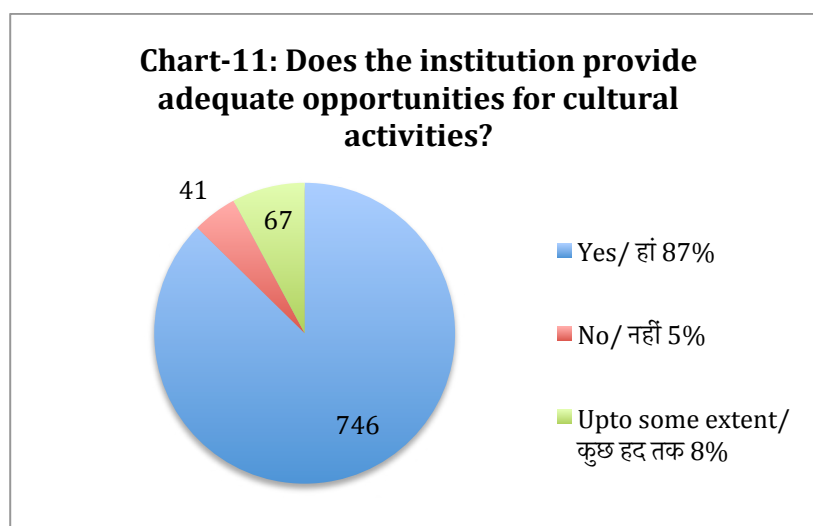

Question 7- Are you satisfied with the sports facility of the college?/ क्या आप महाविद्यालय की क्रीड़ा सुविधा से संतुष्ट हैं?

Responses- With sports facilities 79% of the respondents are satisfied, 13% are satisfied to some extent while 9% are unsatisfied. Although satisfied percentage level is above average this is below our expectation and available resources. This reflects the prohibitions on sports events during the COVID 19 pandemic. Now the sports competitions have been started in which the students of our college have actively participated at different levels.

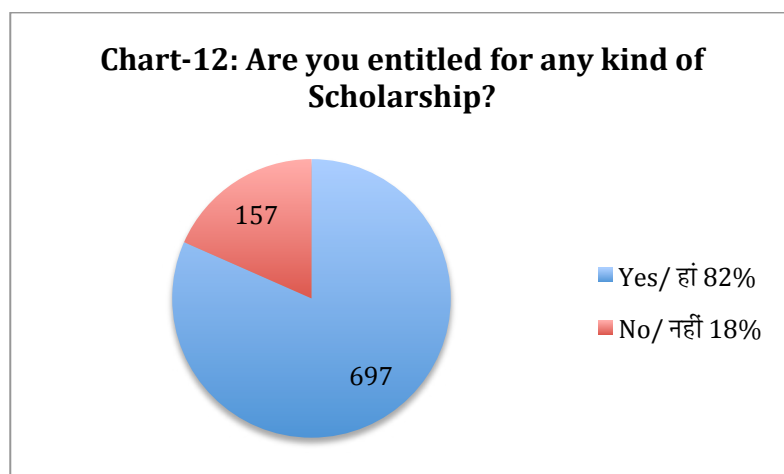

Question 8- Does the institution provide adequate opportunities for cultural activities? क्या महाविद्यालय आपको सांस्कृतिक गतिविधियों के लिए पर्याप्त अवसर प्रदान करता है?

Responses- Cultural activities are the main part of extra-curricular activities of the college. Our students have actively participated in different cultural activities and competitions at college and university level and won medals. 87 % of the respondents have agreed that the college provides adequate opportunities for cultural activities. 8 % are partially satisfied and only 5% disagree.

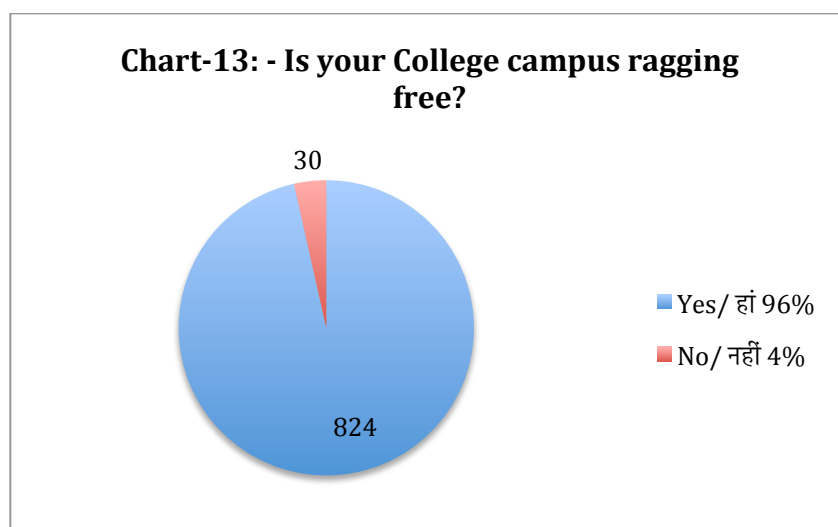

Question 9- Are you entitled for any kind of Scholarship? क्या आप किसी प्रकार की छात्रवृत्ति के लिए पात्र हैं?

Responses- 82% of the respondents have claimed to be entitled for scholarships while 18 % of the respondents are not entitled for any scholarship. This ratio precisely matches with the actual percentage of students of our college receiving scholarships. Scholarships are provided by the Central and State Government as per their norms of social category, family income of the students or merit.

Question 10- Is your College campus ragging free? क्या आपका महाविद्यालय पिरसर रैिंग मुक्त है?

Responses- 96 % of the respondents have said that the college campus is ragging free. Though 4 % respondents hold the negative view, we have not received any complaints from any student regarding ragging or any kind of harassment. The college has an active anti-ragging committee which ensure that no such incidents happen in the campus.

SIGNIFICANT SUGGESTIONS AND ISSUES RAISED BY STUDENTS AND ACTION TAKEN REPORT-

S.No.	Significant Suggestions/ Issues	Action taken
1	Infrastructure Facilities like classrooms, drinking water and toilet facilities should be increased.	Construction of more classrooms, lecture halls and laboratories is under process. Some are likely to be handed over to the college soon. The concerned staff has strictly been directed to look after the issues of drinking water and toilet facilities.
2	Library facilities- more books and in both Hindi and English medium, and books for competitive exams should be made available.	The college did not receive any fund for books for the last few years. The demand for the same has been communicated to the concerned authorities.
3	Support for job and placements should be provided.	The college holds career fair every year under the aegis of Swami Vivekanand Career Guidance Cell. It has been decided to bring more companies to the campus in the coming years.
4	Laboratory facility need to be enhanced.	Prior to this suggestion, the college put the demand for lab equipment to the Government, which the departments have recently received.
5	Number of faculties should be increased.	In view of the increase in the admission of student by 20% from the previous year, the college administration / principle, responding to the request of IQAC permitted departments to hire teaching faculties for timely completion of syllabus. And a few departments have appointed teachers on temporary basis.
6	Entry of outsiders should be restricted.	This issue has been communicated to the disciplinary committee and security guards and has been asked to be more vigilant in college campus.
7	Ph.D. programs should be started.	The affiliating university is only 5

		years old and recently it has initiated the process of establishing research centers in different faculties. Many faculty members of this college have applied for becoming research guides.
8	Syllabus should be designed to increase the employability of students.	Syllabus is designed and developed by the state government and the University. College has limited role in it.
9	Provision for online classes be made available to students.	Online class facility is available to students. Faculty members have been asked to resolve the issue if any, regarding technical know-how for the same.

Teachers' feedback analysis for the session 2019 – 20 and 2020 - 21

For the overall development of any institution the expression of ideas, views and suggestions and their follow up is an important democratic practice.

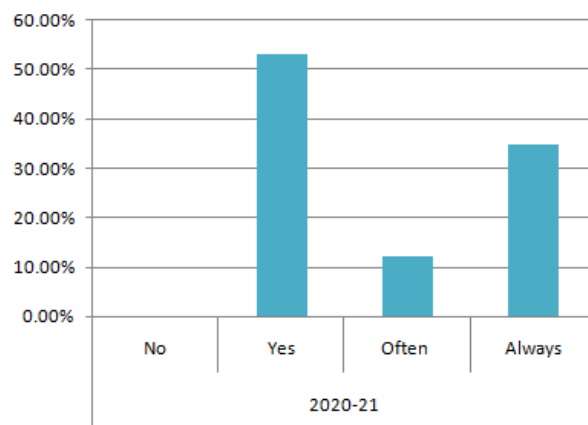

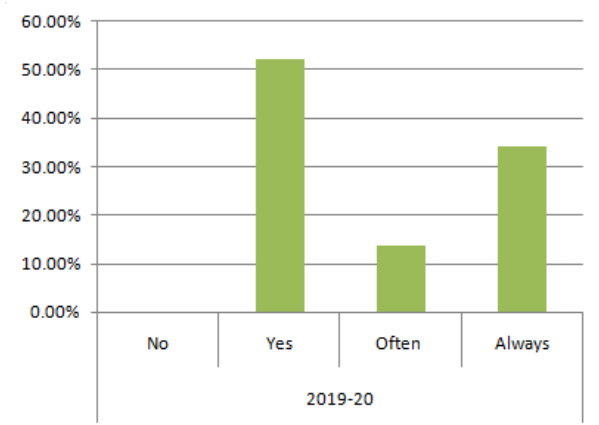

Teachers' feedback was taken by this institution in the sessions of 2019 – 20 and 2020 - 21. The feedback was designed in questionnaire format consisting of almost all the aspects of academic activities of the institution. Three or four options were provided in each question and any one of those which seems to be correct was to be marked.

Out of 55 faculty members of college, 48 members submitted their responses. Maximum teachers were found satisfied with the administrative services of college. Same is the case with syllabus while it is worth to mention that syllabi are adopted as approved by University and Central Board of Studies. Infrastructural facilities are sufficient enough as per the responses. Maximum teachers reported that there is enough freedom in applying innovative teaching methods in college. Teachers receive adequate appraisal in college. Student teacher ratio is the issue where teachers have divided views. As admission process and seat allocation is regulated by state government.

2nd Alumni Meet 2022

10/ March/2022

Alumni Observations

This is Observation Report of the second alumni meet in which about 50 people have given their major recommendations or observations to the college which are as follows.

1. The library facility of the students should be made even better and all the students should have access to the facility of e-library.
 2. Most of the alumni told about starting the research center So that students can increase their research knowledge.
 3. The alumni also suggested that preparations should be made for the competitive examinations of the students in the college.
 4. Simultaneously, they emphasized on e-library development and told that it develops the overall knowledge of the students.
 - 5.. They suggested to conduct at least once in a year medical examination of the students.
 6. Job oriented courses should be run by the college to promote employability among students.
 7. Along with academic activities, cultural and sports activities should be promoted by the college and for this professional training or coaching should also be provided by the college.
 8. Considering the number of students in the college, their classes are less and the number of professors is also less. Therefore, emphasis should be laid on construction of additional classes and recruitment of teachers of all streams by the college.
 9. The number of smart classes should be increased by the college. Hence, teaching learning method can be further developed.
 10. Attention should also be paid to the establishment of a sports academy. So that the students can improve their performance at the national and international level.
 11. He also suggested that Technical and vocational related courses should also be started in the college.
 12. To start courses on subjects related to journalism in the college.
